This book provides a comprehensive evaluation of India's multi-faceted relations with Myanmar. It unravels the mysteries of the complex polity of Myanmar as it undergoes transition through democracy after long military rule. Based on meticulous research and understanding, the volume traces the trajectory of India–Myanmar associations from ancient times to the present day, and offers a fascinating story in the backdrop of the region’s geopolitics. An in-depth analysis of ‘India–Myanmar–China Triangle’ brings out the strategic stakes involved.

It will be of great interest to researchers and scholars of international relations, peace and conflict studies, defence and strategic studies, politics, South and Southeast Asian studies, as well as policy-makers and political think tanks.
